the 1948 ANNUAL

Eddy Kozienski

Best of luck wishes to a swell kid who knows his stuff

Teddy Stropis

Lots of luck in your future years

Hank Rossi

To Eddy - a modest fellow who rates with the best.

Tom Trigo

Best of luck to a swell kid I've ever known.

Bill Libby

To Ed - the lover boy

Fr. Elect.

Best of luck to a nice guy

Mary Lou

Best of luck always

To the big Two Eddie and Freckles. Lots of luck kid.

Roger Bastis

May you have more ambition next year lazybones.

Kenny (Mumbles) Kutzig

Best of luck to a swell guy

Lou Valenti

Best of luck to a swell guy

Jack Stevens

Best of Luck in the future at Bullman Tech.

with Lotsa of Love

Eddie the boy
who hates to sweep floors,
I know

Fair Exp.

Love
Vic Pavelays.

Best of luck
and be sure to
stay on your
diet. See you
when you top
trip to Iowa

Best of Luck
to a fellow
Electrician
and Engineer

There's to a fellow
worker, ~~ex~~ and hope
you'll graduate from
Bressers. Best of Luck
Madzierzyk

Best of Luck
To the schools
biggest ? o.. k.
P.S. Only Kidding
I hope you have
a good year in
football.
(The Crayon Kid)
Yes.
LaPlante

Best of Luck
to a suck from
a swell guy
Mike Rosales

Best of
Luck to one swell
fella always,
Betty

Lots of Luck to a
guy not afraid of the
teacher
Masquelier

Good Luck
to old
Lu from myself
I hope.
Bob Johnson

Lots of luck
to a swell school
buddy
John Lucin

Best of Luck
Lorraine Steffe

Here's luck Ed
Big Max

To Eddie,
Best of luck
in your future
in years to come
Sincerely
Jerry Lewis

Best of Luck
in the future
years to come
Max Shezi.

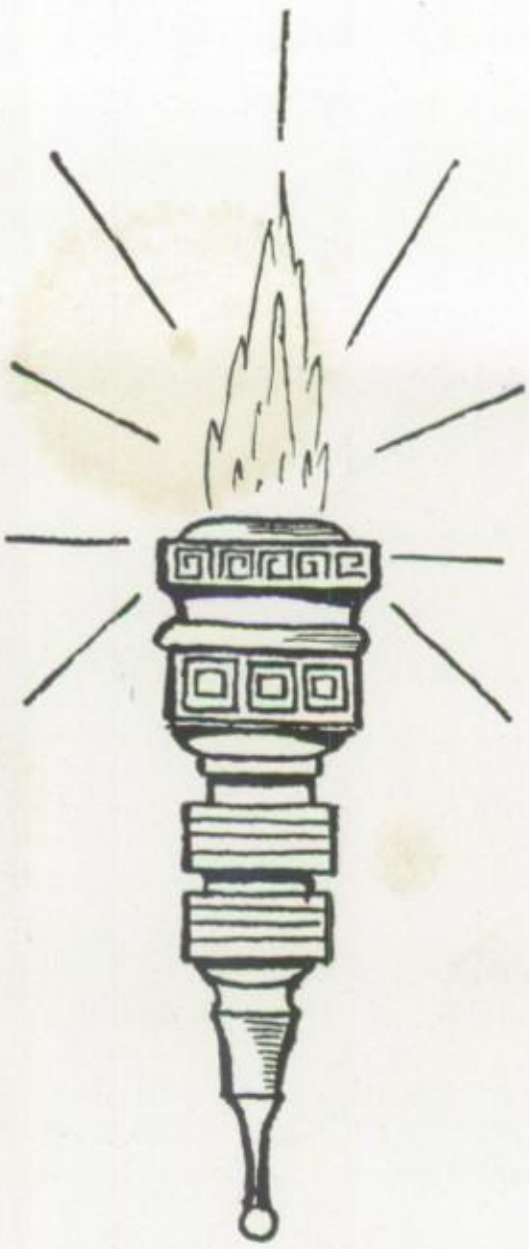
The PULLMAN ANNUAL

1948



Published by the Graduating Class of the

Pullman Free School of Manual Training

INSIDE PULLMAN TECH

Through the open doors of Pullman Tech. one gets a glimpse of the activity that makes up a student's day. From the first ring of the morning bell to the last mad dash for the locker room, every incident, every event, is of vital interest to those of us here at Tech. Therefore, we have chosen for our theme "Inside Pullman Tech."

Inside Pullman Tech. we learn many things: mental, physical, theoretical, practical, and social. Under the guidance of our excellent directors and teachers we acquire knowledge and learn how to apply it to our everyday living.

Inside Pullman Tech. through our extra-curricular activities, we discover the importance of the social side of school life. We realize how much more pleasant our high school days can be if we join clubs, attend games and dances, go out for sports, and take advantage of the many other opportunities our school offers us.

Inside Pullman Tech. we not only make many friends, but try to be friendly. In a school as small as ours everyone knows and is interested in everyone else which makes for strong class and school spirit. Of course, we too have our problems—scholastic, romantic, or otherwise—but in the main, most of our days are carefree.

Inside Pullman Tech. the class of 1948, now graduating, has had four memorable years. They came here as scared freshmen and now leave as well-trained, young people, confident of their future.

Jessie Cook

PVLLMAN·FREE·SCHOOL·OF·MANVAL·TRAINING

FOREWORD

We, the graduating class of 1948 have worked and played in the classrooms and halls of Pullman Tech. for four wonderful years. Therefore, we leave this book, the 30th edition of the Pullman Annual, as evidence of our achievements and carry with us happy memories of our life at Pullman Tech.

MISCELLANEOUS

MRS. JESSIE LU HOLM

With deepest gratitude and appreciation, we, the class of 1948, dedicate this annual, to Mrs. Holm for her kind cooperation and understanding guidance.

URBAN G. WILLIS

Mr. Willis, our principal, was born in Pittsfield, Maine. He prepared for college at Maine Central Institute, graduating in 1896. He attended Bates College in Lewiston, Maine, graduated in 1900, and received his master's degree in 1910. Mr. Willis was always interested in debating, and participated in many athletic sports. He and his partner won the New England inter-collegiate tennis championship in 1900 at the Longwood Club in Boston. Mr. Willis taught in private schools in Boston and Chicago, and was private tutor in the family of the late Hon. Frank O. Lowden for nine years. When Pullman Tech. opened in 1915, Mr. Willis was Dean. August 27, 1917, he enlisted in the United States Army, and rose to the rank of captain. In the 335th Infantry, he was adjutant of the regiment, and later commander of Company C in this country and in France.

Mr. Willis returned to America late in 1919, and was elected principal of Pullman Tech., which position he has held ever since. Mr. Willis married Aimee Rodick of Bar Harbor, Maine, and they have one daughter, Dorothy, who graduated from the University of Chicago, and married a classmate, Felix Caruso. Mr. and Mrs. Willis have three grandchildren. Mr. Willis' hobbies are contract bridge, and collecting sword canes.

Urban G. Willis

WILLIAM C. BRUBAKER

Dean Brubaker was born in Peoria, Illinois, and started his grammar school days in that town. His father, who had been in railroad work, went into Y.M.C.A. work. The family moved to Topeka, Kansas, then to Springfield, Missouri, and then back to Peoria. He graduated from Peoria High School in 1900. He attended Bradley Polytechnic Institute for two years and Armour Institute of Technology for four years; graduating with the degree of Bachelor of Science in Mechanical Engineering, receiving the degree of Mechanical Engineer in 1911. He worked in the drafting room of the Pullman Company from 1906 to 1909 and then had charge of the Templet department up to the fall of 1914. In May of 1915, he came to Pullman Tech. with the title of Engineer. He became dean in 1919.

He was married in 1915 and has two children, both married: a daughter living in Cleveland, and a son in Homewood. The latter taught in the Machine Shop here under Mr. Filewicz for two years just before the war. Mr. Brubaker has a shop in his basement. He makes furniture, shelving, and other things. He is active in the Industrial Arts Round Table, Bradley Alumni Club of Chicago, and the Illinois Vocational Association. He has a patent from the Patent Office which was issued in 1914, and has another pending now.

SENIOR FAREWELL

It is almost impossible for us to believe that June is here and it is our turn to leave Pullman Tech. We take with us a thorough knowledge of our chosen vocation, memories of parties, dances, football, basketball, baseball games, and other things so important to a student.

Words can never express our appreciation and gratitude to Mr. Willis and our instructors for their patient guidance; and to our class advisers, Mrs. Garner and Mr. Long, for their untiring efforts which contributed so much toward making our four years successful.

We shall never forget you, Pullman Tech., and we hope that you will never forget us!

CAMPUS LEADERS

VIVIAN MALLOY

Vivian not only is our class valedictorian but has been outstanding in all activities since her freshman year.

ROBERT LUCAS

Bob has taken part in all sports and was elected Co-captain of our championship football team.

JESSIE COOK

Jessie was awarded the American Legion Medal for her citizenship, co-operation, achievement and service during her four years.

JACOB WATOR

Jake was selected for the American Legion Award for his outstanding citizenship, courage, and leadership in both scholastic and athletic fields.

GLORIA DALLA COSTA

The Drum Corps Medal was awarded to Gloria for her effort and co-operation in that organization.

JOHN YAGER

John was presented with the Ritter Medal for his skill in mathematics.

SILVIO DE ANTONI

Silvio is the personable editor of the Manual and has contributed greatly to its success.

DORIS RAVASCHIETTO

Doris, among the most capable of the graduates, was Co-editor of the Annual and ranks among the ten highest seniors.

ARMAND PETTENON

As class salutorian and highest ranking boy Armand was awarded the Founder's Medal.

ADOLPH OLIVI

An outstanding athlete, Adolph is Co-captain of our successful football team.

DORIS HEUSER

One of our most enthusiastic seniors, Doris was Co-editor of the annual and has participated in many other school activities.

RONALD HAMELEN

Ronald was awarded the Hostrawser Medal for his untiring service to the band.

JUNIORS

As a result of determination, the junior class has completed a successful year, with the cooperation of their advisers, Miss Gawthrop and Mr. Torkar. The girls have obtained high records in typing and shorthand and the boys have done the same with their shop work.

The junior electricians are working hard on their vocation so that we may have a brighter future. The architects are working steadily at their job so that when the girls decide to settle down they will be proud of their homes. In order to have the glorious luxury, known as a car, men are needed to repair them, and that's where our fine auto-shop workers take the spotlight. Before our wonderful machine-shop boys can make anything, they need a design, and that's where our draftsmen come in. All this splendid effort is due to our eagerness to reach the top.

Throughout the seasons of football and basketball, we juniors, were supporters—always there to cheer our gallant heroes. Those trips with the team will never be forgotten. Our cheerleaders did a fine job and hope to do even better next year. Our dances and roller skating parties were most successful. Just watch our "smoke" in school work, in sports in clubs, and in other social activities during our senior year. We assure the graduating class that their places will be filled by the capable juniors.

SOPHOMORES

As we, the sophcmore class, finish our second year, we realize that the benefits and special courses offered by our school are no longer unfamiliar to us. We have become accustomed to the dear old halls of Pullman Tech. The boys have chosen their desired shops, while the girls have had one year of business training.

We are also more interested in the social and extra-curricular activities. We find the clubs, football games, and dances wonderful. Our budding athletes already are making people sit up and take notice.

Perhaps most important of all, through our teachers and advisers, we are being taught many worthwhile things—not only that which comes from books, but precious knowledge that will help us in our daily contact with others. We really appreciate their guidance and consideration.

We feel we have much to look forward to in our last two years at Pullman Tech. and we also resolve to do our best in everything we undertake.

Joyce Johnson

FRESHMEN CLASS

Picture 1:
Top Row—A. Wolf, J. Friar, E. Johnson, L. Russell, F. Malloy, D. Horvath, L. Liedtke, A. Lucin, T. Lesniak, J. Traverso.
Middle Row—J. Madon, M. Yager, E. Twardowski, M. Orr, B. Hagen, K. Kokotas, R. Minster, L. Pettenon, J. Hoffman.
Bottom Row—E. Malikowski, W. Barrick, K. Hamilton, R. Davies, W. Mansfield, E. Bielenberg, J. Bruinius, E. Kopernick, L. Valente.

Picture 2:
Top Row—R. Griffin, M. Wolke, R. Vaicekauskas, C. Halverson, P. Ebbins, M. Botel, L. Liedtke, M. Foran, R. Nanto, G. TenHoven, S. Paluch.
Middle Row—S. Vasquez, M. Giakowski, L. Filewicz, M. Battaglin, E. Golio, B. Delke, J. Broling, J. Duda, M. Fraley, S. Miller, F. Kabat.
Bottom Row:L. DeBok, J. Poremba, R. Bogard, R. Remegi, J. Battenburg, L. Kozlowski, R. Seaborg, E. Stall, P. Hoogland.

A group of freshmen were walking briskly up the walk at the very beginning of the year and their conversation sounded like this:

"It's only five minutes to eight."

"Well, we wouldn't want to be late the first day."

"Do you think we'll have swimming in the lagoon today?"

"I hope not, for I forgot my bathing suit."

"I wonder what class I'll be in."

"Gee, I'd like to know which shop I'll have."

Since those first few bewildering days the freshmen have learned many things. The girls can cook a meal fit for a king (if the king isn't fussy) while the boys have a pretty fair knowledge of the shops. They even know that freshmen are prohibited from using the fourth floor and that the escalators are temporarily out of order.

The class of 1951 has had a good beginning here at Pullman Tech. Our great athletes are yet to be fully discovered but the hidden talent is there. Also, the participation of freshmen in the various clubs and other extra-curricular activities in and around school has been excellent.

So you see, the freshmen class of today is well on its way and its members are determined to do everything in their power to make this an outstanding class of Pullman Tech.

Mary Sue Yager

THE FRESHMAN'S DREAM

School from 10:30 until 1:30 with an hour off for lunch and two 15 minute rest periods.
Girl messengers.
Mixed classes.
Tear down the stairs and put in escalators.
An assembly hall.
Gum and candy distributed in every class.
Ten minutes between periods.
A soda fountain.
Air conditioning.
A moving bridge across the lagoon.
The latest movies shown in school,
A swimming pool.
A steam-heated tunnel across the campus.
No homework.
Radio and television for each room.
Personal valet in machine and auto shop.
An answer book in all classes.
A social room for entertainment during study.
Plate glass doors to enable students to see approaching instructors in time to restore order.
Class rooms with easy chairs.

Won 1 Tied 4 Lost 2

1947 FOOTBALL SEASON

The football season opened September 1, with thirty-five candidates reporting to coaches Al Gembler and Bert Moore. Prospects were none too bright since only one regular letterman was returning from the fine team of the year before. However, the season was only a few weeks old before the squad began to indicate that it was going to be as tough as ever. It was a most unusual season with a record of 4 tied games, 2 lost and 1 victory. This, however, brought the Midwest Prep. Championship to Pullman Tech. for the first time in Midwest Prep. Conference history. The line was much lighter than usual, but, led by co-captain Adolph Olivi, developed into a hard fighting unit. While the backfield, led by co-captain Bob Lucas, proved to be more explosive than the backfield of the previous year. After two weeks of drilling, we met the usual strong Calumet High School team.

Calumet led for the greater part of the game, but, in the closing minutes, Tech. pushed over the score which brought about a 13-13 tie.

The following week Tech. entertained a strong Evanston Township High School team of the Suburban League. It was felt that Tech. would have little chance to win. By putting up its hardest fought game of the year, Tech. took over a 7-0 lead in the second half only to have the visitors tie it in the last two minutes of the game.

On October 10, we traveled to Lockport to meet a team which up to that time was undefeated. Tech., a little weary from the hard battle the week before and slightly overconfident, was unable to get started. Handicapped by numerous penalties throughout the game, the team dropped its first decision of the year by a 19-7 score.

The following Saturday saw Tech. playing its first game in the Conference against a big and rugged Saint John's Military Academy eleven. The first half was evenly fought and ended in a scoreless tie. In the third period Tech. came out fighting and soon pushed over two scores. In the final period Saint John rallied and scored a touchdown, but Tech. came right back and scored two more. The visitors then scored another against a reserve squad just before the game ended and Pullman walked off with a 25-13 victory.

Tech. played its first night game in several seasons when the team traveled to Blue Island and met a fine team from the South Suburban League. The night air seemed to be what the boys needed for they played one of their best games of the year and went into an early lead on a sixty-five yard run by co-captain Bob Lucas. Tech. held this lead until the final pericd when the heavier Blue Island line gradually wore down the Tech. line men and they were able to push over the tying marker to make it a 7-7 score.

On October 25, Tech's. most important game of the season was played against Culver Military Academy on the home field. This game was the determining factor in the championship for the Midwest Prep Conference. Tech. remembering the bitter 6-0 loss of the previous year, went all out to win. After a scoreless first half Tech. went into a 6-0 lead in the third period. Culver, however, as always, fought back hard and in a few plays had scored the tying touchdown. Both teams tried desperately to score again, but the game ended in a 6-6 deadlock. This tie game made it possible for Pullman Tech. to win the championship.

In the last game of the season Tech. traveled to Morgan Park Military Academy to tangle with an undefeated team. The Cadets lived up to advance notices and proved that they were too much for our team. Tech., however, put up a stiff battle but had to be content with a 13-0 loss.

At the season's close a banquet was held at Nantucket Inn in honor of the championship tecm. At that time letters and championship awards were made to twenty-four letter men. It was also announced that co-captain Adolph Olivi, Joe Ponseigo, and Jacob Wator were selected on the all-conference team. Most of the boys were seniors, but with five returning letter men and some fine prospects from the Frosh-Soph team coming up, Tech. hopes to successfully defend its championship next year.

REPORT ON FUTURE VARSITY PROSPECTS

Thirty-five Frosh-Soph candidates greeted their new coach, Bert Moore, when the first practice session was called, September 15. After only two weeks of drilling on fundamentals, getting acquainted with one another, and becoming slightly familiar with a few basic plays from the "T" formation, the Frosh-Soph started their season.

THORNTON TOWNSHIP 20 — PULLMAN TECH. 7

Pullman did surprisingly well with their short time of preparation for this game holding Thornton to a 7-0 lead at half-time. Thornton then picked up seven points in the third quarter and seven more just before the game ended. Pullman threatened throughout the game with Vasquez, Semple, Torkar, and Gandolfi leading the offensive attack.

CALUMET 19 — PULLMAN TECH. 0

Although dropping the second game of the season the score does not indicate the closeness of the game as the teams were fairly even so far as first downs and yards gained were concerned. Calumet making nine first downs and Pullman eight.

PULLMAN TECH. 12 — MORGAN PARK M.A. 0

The third game of the season found Tech. coming to life and taking a 6-0 lead in the second quarter on a fine run by Gandolfi. They then came back in the third quarter for six more points on a quick opening play with right half-back Torkar lugging the pigskin for thirty-five yards.

BLUE ISLAND HIGH 42 — PULLMAN TECH. 0

On the evening of October 17, Pullman traveled to Blue Island to play the preliminary game to the Pullman-Blue Island varsity contest. This certainly will not be remembered as a red letter day to the boys from Pullman. Nothing seemed to go right. Blue Island got off to an early 7-0 lead the first quarter which they built up to a 14-0 lead before the half-time intermission. The third period really proved disastrous to the Pullman boys as Blue Island pushed across three touchdowns and then added a final seven points in the fourth period.

PULLMAN TECH. 29 — MORGAN PARK HIGH 6

Pullman took an early 7-0 lead in the first period. Vasques passed to Arrivo, good for twenty yards and six points. The extra point was made by placement. Morgan Park came back the third quarter, scoring six points and missing their try for point. The fourth quarter started off in a quiet manner, but, halfway through the quarter the Tech. Frosh-Soph team literally exploded. A pass, Vasquez to Salvadore, good for six points started the fireworks. Vasquez added the extra point. The next time Tech. got its hands on the ball, Gandolfi set up a score with a beautiful thirty-five yard run to Morgan Park's ten yard line, from there Torkar carried the ball across the goal. The try for point failed. Tech. picked up two more points in short order when Arrivo blocked a punt which rolled into the end zone. Then Tech. roared right back when they got their hands on the ball with Torkar scampering the final twenty yards to a touchdown.

PULLMAN TECH. 20 — MORGAN PARK M.A. 12

On a cold, dreary, wind-swept field, Pullman's Frosh-Soph team somewhat spoiled Morgan Park's homecoming ceremonies by marching to a 20-12 victory. The first quarter saw a see-saw battle with no scoring. In the middle of the second quarter Semple carried the ball on a reverse play good for thirty yards and six points. Vasquez converted the extra point. In the third quarter Pullman stared on a substantial march from their own ten, which was not stopped until they had crossed the Morgan Park goal line. Semple and Torkar were the big guns in this march, each with runs of twenty yards. Power plays carried the ball to the one-yard line from where Vasquez crossed the goal on a quarter-back sneak. The try for point failed. Morgan Park Military Academy then came back and scored six points on a pass. Pullman came back on another march. Semple took the ball on a fake reverse around end and faded back to throw a beautiful pass to Arrivo, who was standing alone on the Morgan Park ten yard line. Vasquez added the extra point by placement. Morgan Park Military Academy added six points to their total score late in the fourth quarter but could not salvage victory.

The 1947 and 1948 basketball season proved to be the best in Pullman Tech's history. When the squad assembled for early practice in November, Coach Gembler was greeted by two of last season's starting linemen, Adolph Olivi and captain Glen Van Proyen. Also from last year's squad were Bill Skinner, Jacob Wator, and Wally Zozak who were out for starting berths. Added to this was a group of boys who had played on the Sophomore team in the Palmer Park League the year before.

Tech. did not wait long in showing that we had a fine team. They won four out of the first five pre-season games. When the season had ended Tech. had won five out of eight games in the Midwest Prep Conference and ten out of eighteen games for the season. In the Conference, Tech. split games with Saint John's and Lake Forest, won two from Culver, one from Elgin and lost one to Park. Tech. narrowly missed out on the Conference championship due to the fact that we played two games less than some of the other schools. The season was one of the most exciting ones we have ever had.

At the end of the season it was apparent that Tech's chances in the Conference tournament would be as good as any of the other teams. Tech. fortunately drew a "bye" in the first round and was to play the winner of the Saint John-Culver game in the semi-finals. This proved to be the toughest game of the tournament for Tech. The Cadets got off to an early 12-2 lead, but the Tech. five refused to give up and started to pour in baskets from all angles. When the half ended, Tech. was leading 27-23. In the final half we continued to hold this lead and, stalling out the last few minutes, were able to take a 40-33 victory. This put Tech. into the championship game against Lake Forest Academy, a team with whom we had split even during the season. In was in this final game of the year that Tech. displayed its greatest form; and, fighting hard, got off to an early lead. At the half we were leading 19-11, but the boys were not content with that lead and continued to increase it during the final period until the score read 39-22, thus giving Tech. its first tournament championship.

This 1947-48 team was without a doubt the best team in the tournament and the finest team to ever represent Pullman Tech. At the close of the tournament, captain Glen Van Proyen and Adolph Olivi were chosen on the All-Conference team.

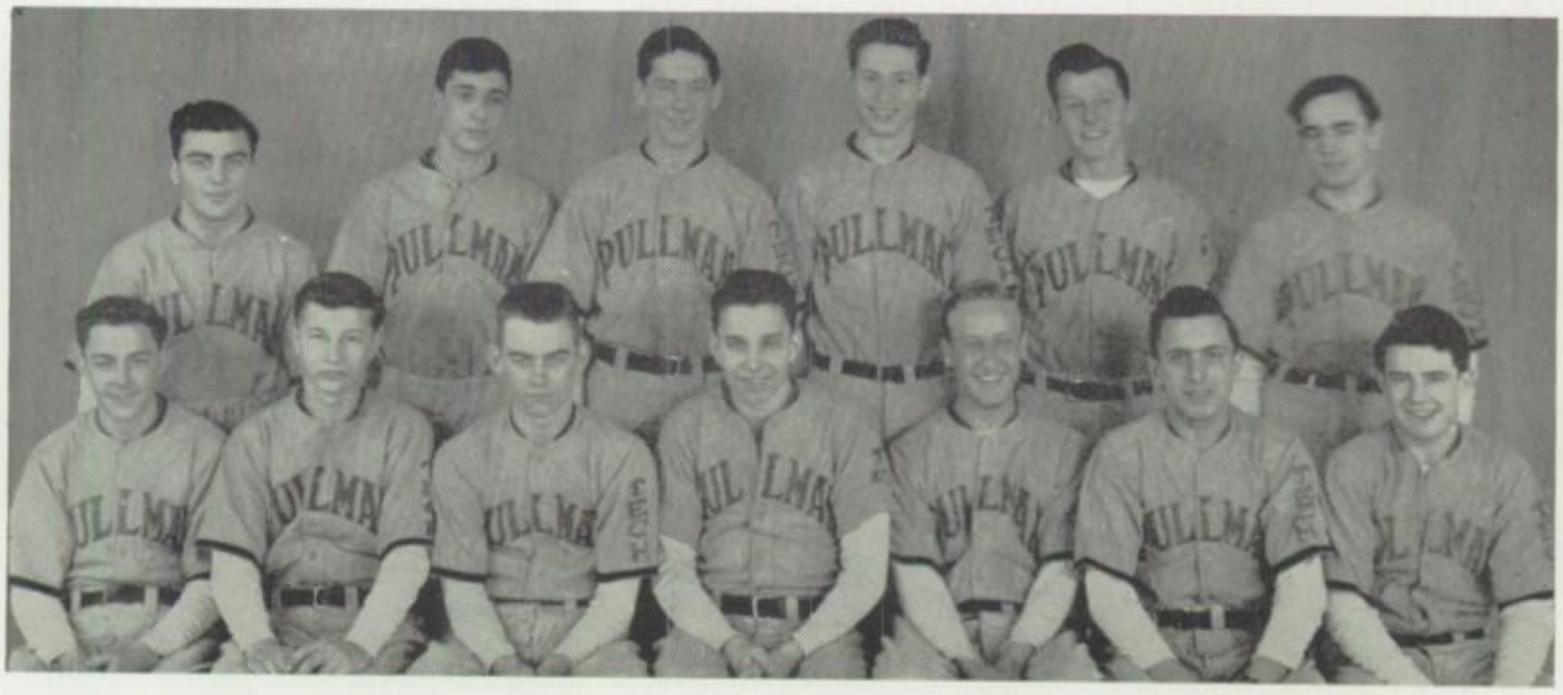
BASEBALL TEAM



Top Row—D. Santerior, D. Filomeno, E. Selven, D. Frigo, W. Zozak, S. Franc.
Bottom Row—W. Madziarczyk, J. Wator, G. VanProyen, R. Enright, E. Rusnak, E. Ganz, H. Semple.

Prospects for a winning varsity baseball team in 1948 appear rather bright at the beginning of the season. Veterans from the 1947 team which won seven out of ten games will fill every position with the exception of first base and catcher. Everardo Ganz is the outstanding catching candidate, while Dominick Frigo, Paul Arrivo, and Danny Santerior are the best bets for first base. Glen VanProyen, ace pitcher, will get help from Wally Zozak and Eugene Selven. Bob Lucas, Bob Enright, and Hugh Semple complete the infield; and the outfield will be patrolled by Jacob Wator, Bill Madziarczyk, and Ed. Rusnak.

Seated—O. Brazzale, E. Jachna, L. Bertalan, G. Pizzato, Miss Gawthrop, D. Horvath.

P. A. G. A.

P is for the progress we hope
to make,
A is for the aim we undertake,
G is for the good that we will do,
A is for the athletes who make all
this true.

P.A.G.A.'s purpose is to assist in any athletic activities which the girls of Pullman Tech. undertake. The council of P.A.G.A. along with its adviser, Miss Janice Gawthrop, meets once a week. Its members are elected by their classmates to represent them in the council which consists of four seniors, three juniors, two sophomores, and one freshman.

Each year P.A.G.A. sponsors a dance which is put on solely by the council members for the benefit of the whole school. This year the dance was held on February 6th, their second birthday. They also sponsor the "Gym Night" program in which all girls taking physical education participate. The council also plans girls' tournaments and act as officials for such.

Lillian Bertalan

THE SENIOR CHEERLEADERS

As we don our caps and gowns, we the senior cheerleaders, would like to express our thanks to the faculty, fellows and girls for the fine cooperation they have given us during the four years that we were members of the cheerleading squad. They are the ones who helped us succeed and who made it possible for us to receive our letters.

We have worked together and helped one another over the rough spots. We traveled along with the team whenever it was possible and hope that we had a little something to do with its successful year.

We would also like to take this time to thank our friends, the junior cheerleading squad, for their cooperation and help. They will be the leaders next year and we are confident that our job could not have been left in more competent hands.

The freshmen and sophomore girls also deserve credit for their hard work, for it was all new to them at the beginning of the year. They were the silent partners and were never in the limelight. However, their time is coming.

TUMBLING CLUB

The Tumbling Club is open to all girls who have the ability as well as the desire to perform individual and group stunts. The main objective of the Tumbling Club is to teach those who do have the talent to become good tumblers and to help the gifted ones become greater tumblers. The girls meet once a week under the direction of Miss Janice Gawthrop, Girls' Physical Education Director, to learn and practice the art of tumbling.

They devote most of their time to practicing for performances which are given at the school. The main events, in which the girls take part, are Gym Night and the Boxing Show.

Letters are awarded to the girls who participated in all of the activities of the Tumbling Club for three successive years. This is a goal that is quite hard to attain.

The officers who were chosen at the beginning of the first semester and who have served us faithfully are: President, Bernice Bukowicz; and Vice-President, Audrey Wagner.

Our thanks are extended to Miss Gawthrop, for without her guidance we would never have been able to succeed.

THE PULLMAN MANUAL

JESSIE COOK, VIVIAN MALLOY . . . . Editor . . . SILVIO DE ANTONI

SILVIO DE ANTONI . . . Asst. Editor . JOAN TRITSCH, IRENE VAN WERMESKERKEN

CLIFFORD OOSTMAN . . Business Manager . . . . ROBERT LILL

ROBERT LILL . . . . Circulation Manager . . JOSEPHINE TRENCAN

The Pullman Manual, our school newspaper, is issued once a month. All the work of writing, editing and publishing is done by the students themselves. Each section in the school is represented by a reporter, who tries to give other students a look into the happenings in his class. New editors and assistant editors are appointed each semester, who arrange the paper and see to it that everything runs smoothly.

The reporters and staff of the paper are afforded many opportunities to gain experience in writing for the enjoyment of others, which will be shown by the many amusing articles written for the feature page, the clever "word-pictures" of the students written for the personality page, and the many different and laugh-provoking answers to the inquiring reporter's questions.

The Manual also gives to the student a complete record of important things that happen during the school year and supplies information which, in future years, will bring back many memories of those happy school days.

The staff of the Manual wishes to express to Mrs. Garner and Mr. Baer their grateful appreciation for the assistance and tireless effort they have extended to help make the paper a traditional and cherished part of school life at Pullman Tech.

This year the Glee Club once again took its place as one of the more popular clubs at Pullman Tech. The membership is limited to seniors, juniors, and a few sophomores. The club, which meets the second and third periods every Monday, plays an important part in all the programs put on by the school.

It entertained the student body with carols during the annual Christmas program and took an active part in the radio program "Citizens of Tomorrow", singing two selections "Twilight" and "Comrades of the Road". On Open Night visitors were entertained from 7:30 P.M. until 8:00 P.M. with an assorted number of renditions by the club.

An operetta is presented by the Glee Club each year. "Pullman Tech's. Kampus Kanteen" was the delightful musical comedy given by the club this year. The show contained many popular songs of the day and also a few patriotic numbers. Members of the club were put into groups representing different countries, such as Spain, Holland and our own America.

Due to the student body's vocal talents and Mrs. Celia Vander Meer Kastylyn's very able direction and patience, the Glee Club has had much success during its three year reign.

HI-Y

"To create, maintain, and extend through the school and community high standards of Christian character" is the purpose of the Hi-Y of Pullman Tech.

This year the Hi-Y has been very active. The main event was the annual Hi-Y dance which was held at the school April ninth. Other affairs included splash parties, hay and sleigh rides, ushering at school affairs, and other valuable services.

The name of the Pullman Tech. Hi-Y the "Centaurs", is derived from Greek Mythology. Centaurs were mythical creatures, half man and half horse, the strongest and wisest men of their time. The modern-day Centaurs don't claim to be all that, but they do claim that such a fine organization as the Hi-Y will certainly add much in the way of benefits to a high school boy's future success.

PULLMAN TECH. BAND

The Pullman Tech. Band was organized thirty years ago by Mr. Jacob F. Hostrawser, who was also director of the Pullman Military Band. Mr. Hostrawser was bandmaster at Pullman Tech. until his death in 1922 when Mr. Melvin Martinson, a member of the Chicago Symphony Orchestra, became director of the band. Mr. James R. H. French, former bandmaster of the British Army and a veteran of World War I, was appointed acting bandmaster. The next year Mr. French was made director of the band.

In 1923, the year following Mr. Hostrawser's death, his wife presented a medal to the outstanding member of the band. Mrs. Hostrawser carried on this tradition until her death in 1940. Since then, the medal has been presented by Dr. Phillip Miller.

With the co-operation of the members of the band, and Mr. French's untiring leadership, we should continue to have a successful band.

The Pullman Tech. Drum Corps, now in its 16th year, has thirty-two members. The purpose of the Drum Corps is the developing of rhythm, marching ability, drumming and baton twirling.

Their blue, gold, and white uniforms make an imposing sight. The Drum Corps performs at many community functions such as the Armistice Day parade, the 20 Year Service Club parties, the Pullman picnic, and the Pullman Safety Forums.

The members enjoy their work very much and hope Mr. French will continue to be the Drum Corps' capable director for a long time to come.

SAFETY CLUB

Clockwise—M. Rossler, J. Walt, R. Lucas, J. Galassini, R. Hofstra, R. Knol, E. Chiarello, E. Rusnak, H. Prond, A. Pettenon.

Each shop at Pullman Tech. has a safety committee which is composed of a chairman, secretary, and inspector, who are identified by pins which are given out by the shop instructor. Though the shops are under the constant guidance of instructors, there is always a chance of accidents occurring. Therefore, the duties of the safety committees are to display safety posters every week, report on unsafe conditions in the shop, and to remind students of the importance of continued practice of all safety regulations, which will help prevent accidents and prepare the students for safety problems they will meet in industry. It is only by making safety a habit on the part of every workman that safety can be preserved.

ROSELAND COMMUNITY HOSPITAL

School of Nursing

One Hundred Eleventh Street at Perry Avenue

Telephone Pullman 7800 Chicago 28, Illinois

The Roseland Community Hospital School of Nursing was established in 1924. The School is accredited by the Illinois State Board of Nurse Examiners and has affiliation with Cook County Hospital, Chicago, Illinois in psychiatric nursing, communicable disease and pediatrics.

The Nursing School prepares young women through their training to meet the ever increasing demands made upon the Professional Nurse of today, it maintains a high morale by a broad program of extra curricular activities, and graduates of the Roseland Community Hospital School of Nursing are eligible for membership in the Red Cross Nursing Service and the American Nurses Association.

The fields of service, achievement and interesting employment are many.

Roseland Community Hospital admits classes in September and February of each year.

CALENDAR FOR 1947-48

SEPTEMBER

2—Today the new Freshies walked in.

3—Watch out! ! Here come all the Upperclassmen.

12—The Centaurs Hi-Y held their first meeting.

17—Pep meeting in the afternoon and the first skating party of the year that night.

19—The reserve football team played Harvard and lost a close game 7-6.

20—The Varsity ran out onto the field determined to win, but couldn't quite make it. Calumet—13, Pullman Tech.—13.

26—The Sophomore Team lost to Thornton, 20-7.

27—Pullman plays Evanston, but only got another tie, this time it was 7-7.

OCTOBER

3—Calumet proved too much for the Soph. Team. They lost 20-0.

4—We traveled to Lockport to suffer our first loss of the season. Score: Lockport—19; Pullman—7.

10—The Sophs. broke into the win column by beating MPMA 12-0.

11—Well, well. The Varsity beat St. John's by a score of 29-13.

23—We had a pep meeting for the big Culver game coming up.

25—Well, we did it. We became the first team in the history of The Midwest Prep Conference to win the championship uncontested. Score P.T.6 Culver 6.

29—The Hi-Y gave a very successful hayride out at the Community Foundation Center in Palos Park.

NOVEMBER

1—Well, it couldn't last forever. We lost to MPMA 13-0.

12—This time it's the seniors who are throwing the skating party. It was really a big success.

ROSELAND RADIO LABORATORY

Established Since 1928

22—The football players received their reward tonight for their hard work all season. The annual banquet was held at the Nantucket Restaurant and was a huge success.

21—More honors for the Varsity. School assembly at which football awards and letters were presented.

DECEMBER

2—Basketball started off with a bang. We beat Harvard 48-34.

6—The Hi-Y held a splash party at the "Y" which was well attended and a lot of fun for everyone.

10—Watch out! ! Here come the Juniors with another of those enjoyable skating parties.

12—Basketball again. This time we played Christian. Tech. won 28-22.

16—Harvard was the victim again. P.T. 44, Harvard 34.

19—Christmas assembly held in the gym to say goodbye to 1947. That night, the Girls' Club had their annual Christmas party.

22—Good old vacation time is here again. It's official now.

JANUARY

5—All good things must come to an end and so here we are, at school.

8—This time, the cagers played Lake Forest, who came out at the short end of the 54-38 score.

13—The Hi-Y had a hayride and everybody was plenty cold.

16—This time we were on the short end of a 34-28 score, going down to St. John.

18—We lost two in a row! ! MPMA 51, P.T. 27.

23—What! ! Another loss? Park 43—P.T. 39.

FEBRUARY

6—PAGA held a dance in the gym. Their second Anniversary.

7—Back to the win column again, this time in a very exciting overtime game. P.T. 44, Culver 41.

11—Citizens of Tomorrow at Pullman to record for the broadcast next Sunday.

12—Oh, oh! We lost this one to Lake Forest 48-45.

13—Night games at Morgan Park. We beat Roosevelt 49-27.

14—Next night, same place, different opponent. P.T. 39, Onarga 48.

15—Now we're famous. Pullman Tech. was on the radio.

18—This is awful. We lost to MPMA again 45-39.

20—Our boys came out and really went after Elgin with vengeance. The score was 42-29 in our favor.

Bill: "What degree is your daughter in college working for?"
Will: "Her M.R.S."

Prof: "What is the most outstanding product that chemistry has given to the world?"
Soph: "Blondes."

Spinster (piously)—"Oh Lord, I ask nothing for myself; but will you please send dear Mother a son-in-law?"

"What kind of marks is Jimmy getting in school?"
"Black eyes, bloody nose, blue spots on his legs."

Johnny: "Why did you get such a low mark in history?"
Jimmy: "I thought Joan of Ark was Noah's wife."

LIFE IS WHAT WE MAKE IT

Allow me to express my sincere wishes for a successful future for the students of the Pullman Free School of Manual Training, and to offer the suggestion that in building for the future, that you guard well those things in life essential to success, especially your health, for a sound body means a sound mind, and a sound mind will lead eventually to the goal of your ambitions.

Practice the Golden Rule, for therein lies the foundation of success.

Your life lies before you—make the most of it.

SHELDON W. GOVIER

DAFFYNITIONS

Adult—A person who has stopped growing at both ends and started growing in the middle.

Average Man—One who thinks he isn't.

Bore—One who insists upon talking about himself when you want to talk about yourself.

Bigamist—One who makes the same mistake twice.

Broadway—A place where people spend money they haven't earned to buy things they don't need to impress people they don't like.

Committee—A body that keeps minutes and wastes hours.

Creditor—A man who has a better memory than a debtor.

Economy—Denying ourselves a necessity today in order to buy a luxury tomorrow.

Enthusiast—One who preaches four times as much as he believes and believes four times as much as a sane man ought to.

Experience—The name men give to their mistakes.

Friend—One who has the same enemies you have.

Genius—One who can do almost anything except make a living.

EDITOR'S NOTES

In editing the 1948 Pullman Annual we have endeavored to make every page of the book as interesting and as entertaining as possible. We take this opportunity to thank our advisers Miss McCormick, Mr. Baer and the annual staff for their untiring and patient assistance. We also wish to express our gratitude to all the subscribers for making this book possible.
